# Mesa Series Industrial Scales

High-capacity weighing made versatile and convenient.

**Versatile Design.** Large, adjustable LCD can be placed on countertop or wall-mounted up to 9 feet away from weighing platform.

**Convenient Platforms.** Two different platform sizes accommodate floor or bench use. Removable stainless steel weighing platform ensures easy clean up. 200% overload protection guards against damage to weigh cell.

**Ideal for shipping and industrial applications.** Toggle between kilograms and pounds with a single keypress (grams available on MZ-11 and MZ-22). Count mode is perfect for inventory and mailing operations. Totalization application allows you to store up to 99 individual weights and then see the total weight.

**Battery or AC operation.** Use the provided AC wall power supply when near power sources, or use battery power with a 9-volt battery (not included). Battery saver feature allows user to select between 4 or 10 minutes of non-use before scale automatically powers down.
